

# The Die-Off Detox System

*Gentle, Intelligent Detox Support for All Cancer Types*

---

## Why this matters during detox, Ivermectin, or Fenbendazole use

When the body begins to clear cancer cells, parasites, or fungal overgrowth, it releases large amounts of **metabolic waste and toxins**.

This “**die-off reaction**” (or *Herxheimer response*) can cause fatigue, nausea, headaches, brain fog, rashes, and inflammation.

If these toxins aren’t properly eliminated, they can **recirculate through the liver and gut**, slowing healing and increasing discomfort.

Our **two-step Die-Off Detox System** is designed to gently **mobilize, bind, and remove** this debris—so the body can return to balance and focus on recovery.

---

## The Two-Step Detox System

### Die-Off Detox & Recovery Tincture

**Purpose:** Opens the body’s detox pathways and reduces inflammatory reactions during parasite or fungal clearing.

#### Supports:

- Liver and lymphatic drainage
- Immune and inflammatory balance
- Nervous system calm
- Nausea and fatigue relief

#### Contains:

Andrographis • Huang Qin (Baikal Skullcap) • Cleavers • Burdock • Dandelion • Schisandra • Reishi • Licorice • Ginger • Lemon Balm

**Safe for all cancer types** — no phytoestrogenic herbs.

---

## **Herbal Binder + Elimination Powder**

**Purpose:** Binds and removes toxins, fungal debris, and waste released during detox.

**Supports:**

- Bowel regularity
- Liver and kidney cleansing
- Gut comfort and protection
- Gentle daily toxin elimination

**Contains:**

Chlorella • Diatomaceous Earth (food-grade) • Ground Flaxseed • Marshmallow • Slippery Elm • Plantain • Parsley • Cleavers • Dandelion • Burdock • Ginger • Licorice

**Non-estrogenic • Moistening • Restorative**

---

## **How to Use**

**Step 1 — Take the Tincture**

3–5 ml in water or tea, on an empty stomach or between meals.

*Wait 30–60 minutes.*

## Step 2 — Take the Powder

Mix 1 teaspoon in 8–10 oz warm water or tea; drink immediately and follow with another glass of water.

### Timing:

Take both products **two hours away** from prescription medications or supplements.

### Hydration:

Drink at least 8–10 glasses of water daily to support elimination.

### Bowel movement:

Aim for one gentle bowel movement per day—this is essential for clearing toxins safely.

---

## Why Use These Formulas Together

### Tincture

Opens the liver, lymph, and kidney channels

Calms inflammation and immune reactions

Reduces fatigue, nausea, and body ache

Encourages whole-body drainage

### Binder Powder

Captures and removes toxins released into the gut

Prevents toxin recirculation

Soothes and protects the intestinal lining

Restores balance and energy

Together, they form a **clean detox loop**:

*Open → Bind → Eliminate → Recover.*

---

## Designed for Every Healing Journey

- Gentle enough for **ER+/PR+**, **HER2+**, or **Triple-Negative** breast cancer
- Supportive during **Ivermectin** or **Fenbendazole** use

- Appropriate for **post-chemo, radiation recovery, and fungal or parasite protocols**
- 

## Results You May Notice

- Calmer, clearer detox experience
  - Reduced “die-off” fatigue and brain fog
  - Better digestion and elimination
  - Brighter skin and energy
  - A greater sense of lightness and vitality
- 

## FAQ

**Q: Can I use this with any cancer type?**

**A:** Yes. The updated system is **non-estrogenic** and safe for all cancer profiles (ER+/PR+, TNBC, HER2+, and beyond).

**Q: Can I take these with medications or chemo?**

**A:** Yes—just take them **two hours away** from prescriptions and supplements.

**Q: Do I need both products?**

**A:** The **tincture** opens detox pathways, and the **binder** removes the waste. Used together, they keep the detox process *clean and comfortable*.

**Q: How long should I take them?**

**A:** Use for the **duration of your Ivermectin/Fenbendazole or detox program**, and for **1–2 weeks after** to complete toxin clearance.
